Dear Fellow Industry Professional;

Valley Builders Exchange, Inc., a Non-Profit Corporation established in 1947, was created to provide valuable services to the construction industry as a member based organization. Valley Builders Exchange is comprised of dues paying members in all fields of construction as well as associated industries.

Among the services provided is a weekly e-newsletter which contains information on projects out for bid in several counties in the central valley. Access to projects statewide can be viewed on the Golden State Plan Service network. The information provided in the weekly e-newsletter includes updated information on currently bidding projects as well as bid result information on projects recently bid. Legal information such as Mechanics Liens, filed and released, Notices of Completion and Building Permits for the City of Modesto and Stanislaus County. Also included is a very popular Safety Meeting section with a different relevant topic each week which will assist you with your tailgate safety meetings. Each morning you will receive the Daily Update, an email giving you a quick run-down on the projects bidding that day within the Valley Online Plan Services (VOPS) network and a list of addenda and projects received the previous day.

All of the projects posted in the Valley Builders Exchange are available via the Golden State Plan Service to full members, 24/7. Full membership provides for access to projects statewide. This information is constantly being updated and we pride ourselves in providing accurate and up to date information.

Additional benefits of Exchange membership include blue print copy services, safety and HR seminars, amusement park discounts, advertising privileges, networking events which include a scholarship fund golf tournament and a very popular crab feed, the annual Membership Appreciation BBQ and Membership Christmas Open House. Children of member firms or member firm employees are eligible to apply for the VBE scholarship program which provides scholarships of various amounts to deserving students who meet the criteria.

The VBE Event Center is comprised of a full kitchen and networking areas. The center also includes a classroom setting which provides a 70 inch UHD 4D screen for presentations. The recreation area provides a 40x60 shade structure with 2 Bocce Ball courts and a horseshoe pit area. All of this is available to rent for business and related activities.

To join, simply complete and return the application form and payment for the appropriate amount. The entrance fee is \$200.00 and semi-annual dues of \$230.00 or annual dues of \$450.00, are payable at time of application. Thereafter, you will be billed on a semi-annual or annual basis as you prefer.

Upon receipt of your application and payment, you will be placed on our mailing list and you may begin using the membership services offered contingent upon Board approval. If, for any reason, the Board of Directors denies your application, you will be fully refunded. Once your application is accepted, your company name will be placed in the weekly newsletter welcoming you and introducing you to the full membership. Your new member packet will arrive shortly thereafter.

Thank you for your consideration and I hope you find this information useful. If you have any questions, please feel free to call or stop by. Our website is full of information @ www.valleybx.com.

Sincerely,

A handwritten signature in cursive script that reads 'Karen Bowden'.
